

RESOURCE

“Command those who are rich in this present world not to be arrogant ... but to put their hope in God, who richly provides us with everything for our enjoyment. Command them to do good, to be rich in good deeds, and to be generous and willing to share.” 1 Timothy 6: 17-18

The world is full of excellent resources but too often they are in the wrong place, the wrong language, too expensive, or just not known about. We also live in a time when some people complain about information overload while millions of others lack the most basic needs, as well as vital information and resources. A key role of Faith2Share is to make known and available the depth and breadth of mission resources that already exist. We also encourage and facilitate the production of new resources where needed; often wrestling with complex questions of missiology, local mission sustainability and global patronage.

Faith2Share provides this through:

- One-stop advice centre
- Web-based resource bank
- Leadership briefing (monthly email)
- Bespoke resource identification, including resourcing people internationally

A LEADER MUST PROVIDE STABILITY

“Leaders need to be thinking constantly about what they’re doing to create a basic sense of security and stability throughout an organization. The minute that starts to erode, the organization can go downhill pretty quickly.”

“Leaders have got to find the right balance of providing stability in the moment while giving followers hope and inspiration for the future” Tom Rath

TOM RATH AND BARRY CONCHIE: AUTHORS OF STRENGTHS BASED LEADERSHIP BY GALLUP

Faith2Share has raised awareness within the network of an excellent, but little-known, resource for Christian communities caring for those effected by HIV and AIDS. These materials have been translated and are particularly needed in countries where English is not the common language. They are now being well-used by diverse communities across different countries.

Faith2Share connected mission workers in India and Nepal with a Nigerian Church willing to part-fund international mission workers. A number of agreements have now been made which has multiplied and strengthened the impact of local Christian mission workers across the global South. This would never have happened without Faith2Share’s active support and engagement in this area.

We asked network leaders: “In what ways has Faith2Share helped you personally in your ministry?”

“Faith to Share has helped me to learn, expand my horizons and build new relationships and networks which have purpose.”

Titus and Margaret Kumapayi, Church of Nigeria Missionary Society
